

# busliniensuche

Alle Fernbusse auf einen Blick

As of today our website **busliniensuche.de** is the most popular search engine for intercity buses inside Germany. More than 1 million people are using our web portal and our apps every month. For our expansion into new markets and the further development of our products we are looking for a

## Backend-Developer (ASP.NET) (m/f)

### What You Will Be Doing

- Enhancing our Backend with all its facets
- Improvement of the search engine and optimization of its performance
- Develop exciting new features in our tech team
- Develop APIs and interfaces for external partners
- Develop and improve the admin area and add new tools to it

### What You Need for this Position

- You like the idea of getting busy with all kinds of transportation and find the area interesting
- You have very good experience in ASP.NET MVC, ASP.NET WebAPI and C#
- You have experience in asynchronous and parallel programming and optimizing performance
- You have experience in using at least one NoSQL solution
- You realized your first own projects (a plus)
- You have experience in one or more of the following disciplines:  
MongoDB, Redis, Cloud solutions, Scaling, Caching, Routing (Graph-Search), HTML, JS, CSS, AngularJS, Test-Driven-Development

### What we offer

- Good vibes in a growing international team
- An inspiring creative and open minded start-up atmosphere with democratic structures
- We are including every employee to find the best solutions to our problems and we guarantee you freedom in the way you like to work
- Being in charge for your product, feature or task and let you shape it.
- Free beverages (coffee, tea, Bionade, Club Mate and so on).
- A bright office located in the very centre of Karlsruhe.
- And of course a fair wage and support to help you get settled in Karlsruhe if you are from abroad.
